# Evolving Perspectives ~ Creative Views

This is the season of renewal and new growth. Therapeutic Touch® has always been both an art, and a science.

It is ever evolving.

- \* Join Sue Conlin, Friday evening , May 31, and Saturday afternoon June 1 for an interactive discussion and exploration of New ways of looking at the original concepts of TT and our TT practice with a fresh outlook.

Throughout the weekend we will look at new ways to experience TT both as a healer and Healing partner.

Within each Therapeutic Touch session, we are engaged in a spiritual process; a sublime dance with the creative force itself.

Join David Maginley Saturday, June 1 as David leads us to understand how we touch our spirituality in our daily creating as well. Creativity in life can be found in your garden, in cooking a meal, music you play, or in the crafts and art you make. For David, it can be through his photography which he will be sharing with us.

Friday, May 31, 6:30-9:00pm Sue Conlin

Saturday, June 1, 9:00am-12:15pm David Maginley

Saturday, June 1, 1:20-4:30pm Sue Conlin

\$50 full conference ATTN members / \$60 Non members
