

# Foundations of Therapeutic Touch®

## Therapeutic Touch Training

Therapeutic Touch® (TT) is a healing therapy based on the scientific understanding that matter and energy are both vibrations and are essentially the same. In this workshop you will learn about the human energy field, or biofield, and TT. You will have many opportunities to practice, and to discover new things about yourself and about healing. Each day will be filled with discussion, meditation, and experiential exercises. We will also learn about centering for our work in TT. All sessions are required. Instructors for this course are Sue Conlin, BA QTTT and Diane MacDonald, BAA QTTP.
